Gauteng, Johannesburg | 078 951 6702 | tshepangphakani01@gmail.com | LinkedIn URL

PROFESSIONAL SUMMARY

I am a Junior Full-Stack Developer with a strong foundation in web and software development. I work with HTML, CSS, JavaScript, Python, Java, PHP, and SQL to build responsive, user-friendly applications and reliable backend functionality. I have a solid understanding of databases, version control, and basic networking concepts, and I continuously seek to improve my skills through learning and hands-on practice. My goal is to grow into a well-rounded developer who builds efficient, scalable, and user-focused systems.

KEY SKILLS

- Software Development
- Programming & Web Development
- Databases & Data
- IT and Networking
- Problem Solving
- Professional Skills

EDUCATION

Diploma in Information Technology

Vaal University of Technology

Graduated April 2026
